

Studio rules

Learn a new skill every semester

For every studio project, try to choose something new to include in your workflow: new technology, approach, theory, literature... You will have learned 8 new skills after 4 years on top of what the regular courses teach you.

Arrive on time

Imagine you need to catch a plane to your dream holiday destination. Except it's not a plane but our studio activities.

Be present

Campsite rule

Leave our studio / kitchen / computers / devices in an equal (or better) condition than you found them. Clean up after yourself and create

Revision #1
